

## Med-Effect Crack

## Med-Effect Keygen Download X64 Latest

Med-Effect is designed to meet the needs of small practices with multiple physicians and multiple sites. Med-Effect is a primary care management software. It is user friendly, yet very powerful. Med-Effect can be installed on a laptop, desktop, or server. Any computer on your network will be able to use Med-Effect to view the patient records and charts. If you add more computers, you can use them to take more patient information. Med-Effect Patient Scheduling allows you to view patients for multiple physicians at multiple sites and multiple time periods. It allows you to view patients' appointments, laboratory results, prescriptions, and referrals. It is an easy to use scheduler that takes advantage of your favorite calendar, such as Outlook. Med-Effect Patient Records allows you to view patients' records including records from your office, the ER, or the hospital. You will find information about diagnoses, medications, procedures, laboratory results, and referrals in a convenient and easy to use format. If a patient has been hospitalized, you will be able to see any required documentation from the hospital. Med-Effect Charts & Documentation allows you to view a patient's appointments, medical history, procedures, prescriptions, results, and referrals in an easy to use format. It has powerful options for printing charts, inserting ICD-9 codes, and exporting reports. Med-Effect provides Medical Billing for a small practice. If you have multiple sites, you can have a site to site billing process. With a few clicks of your mouse, Med-Effect will generate the medical bills for you. You can print the bill, mail it to your patient, or electronically transmit it to your insurance company. Med-Effect Reports are designed to be as easy to read as possible. There are over 80 different reports you can generate. Limitations: □ 30 days trial Med-Effect Description: Med-Effect is designed to meet the needs of small practices with multiple physicians at multiple sites. Med-Effect is a primary care management software. It is user friendly, yet very powerful. Med-Effect can be installed on a laptop, desktop, or server.
